ROSE TREES.

IN cultivating our Rose Trees we aim to obtain the best type of tree that will succeed and improve after transplanting. Although we do not wish to disparage trees grown in Rose Nurseries, where to obtain blooms for exhibition appears to be one of the chief objects, yet we venture to say that the high manuring and excessive culture necessary for this purpose does not tend to produce plants which are likely to improve when removed to less congenial soils and situations. For the Amateur who grows his Roses for the purpose of Garden Decoration and to the obtaining of an abundance of bloom, or for Exhibition, we claim that trees procured from a Nursery such as ours where Roses are made a speciality and yet not over cultivated, will give the best results. We may refer to the many Testimonials we print of the success of our trees in all parts of the Kingdom as a confirmation of our statement.

FRUIT TREES are equal in importance to Roses in our Nurseries, and we have many acres of carefully grown trees ready for removal. **Trained Trees** for walls and espaliers; **Pyramids** and **Bush Trees** for gardens; and **Standards** for orchards are all particularly good, the growth being clean and well ripened. We can supply the leading kinds for planting for market in large quantities, and we shall be happy at all times to give advice to intending planters for profit, as to the best cropping and most marketable kinds, and the best modes of planting and cultivation to ensure success.

CONIFERÆ, SHRUBS and **ORNAMENTAL TREES** we grow in great numbers, and we respectfully invite an inspection of them, as well as our large stocks of **GREENHOUSE** and **DECORATIVE PLANTS, HARDY** and **HERBACEOUS PLANTS**, etc., of which we shall be glad to forward priced lists, or make special quotations at any time for anything required.

Assuring you of our very careful attention to your orders at all times,

We are, yours obediently,

GEO. COOLING & SONS.

We keep a Register of Gardeners, Bailiffs, and Stewards wanting situations, and shall be glad to give particulars to any customer requiring an experienced man.

A Few Hints on their Culture.

WHEN the plants are received from the Nursery, they should, if the weather is not frosty, be unpacked at once and the roots and tops wetted ; if the ground is ready plant at once, taking only a few at a time out of the shelter, so that the whole lot may not be exposed for any length of time to cold drying winds.

SITUATION.—A place apart from other flowers should be assigned to Roses, if possible. Oblong beds not over 4-ft. wide are the best, as the flowers may be cut and examined without treading on the beds. The situation should be an open one, though not exposed to high winds and currents. The south-east or south-west aspect is best, the beds being situated so as to receive the morning sun ; roses like a free circulation, but are injured by cold draughts ; on the other hand, closeness is apt to generate mildew.

SOIL.—That which they especially delight in is a rich fibrous loam that feels greasy when pressed between the fingers ; where this is not to be had the soil should be improved—if light, by the addition of loam or even clay well worked in ; where heavy, good drainage and the addition of charcoal in small quantities will help it, but in such places drainage is most important. The ground should be deeply trenched, well rotted animal manure being plentifully added ; if the soil be old garden soil, add good fresh loam, rich and yellow ; if heavy clay, some burned earth, road sand, or leaf mould should be added. For Briars the loam if somewhat adhesive in quality will be all the better.

PLANTING.—Choose a fine day for the operation ; rather than plant when the ground is very wet lay the plants in for a day or two and wait. Dwarf or Rose Bushes should be planted with the collar of the bud or point of union with the stock, at least two inches below the surface of the soil. Standard Roses should not be planted too deep—a few inches depth of soil above the roots is sufficient ; but firmly stake each tree to prevent the wind rocking it, this last operation is essential to success. When planted amongst other subjects in the borders, a hole should be made about 18-inches deep, and large enough to contain half a wheelbarrowful of a compost of two-thirds strong turfy loam (if it can be procured from an old pasture it is preferable) and one-third well decomposed animal manure, in the midst of this the tree should be planted and trodden in firmly ; a little sandy mixture near the roots induces fresh fibre.

WATERING.—Should dry weather follow planting, let the trees have a good soaking of water, and syringe the tops ; especially is this necessary with those planted in spring. Large numbers which die every year from the effects of drying winds would be saved if care were taken in watering and syringing as here recommended. When coming into bloom, if weather is dry, give a good soaking once or twice a week, and at this time liquid manure may be used with advantage.

MANURING.—Roses are gross feeders, and will take almost any amount of manure. A layer six inches deep of half-decayed hot-bed manure laid on the beds in November and forked in the following Spring, is an excellent dressing ; cow and pig manure, when available, is also good.

PRUNING.—This should not be done at the time of planting. If the trees are planted in the Autumn March is the best month ; if Spring planted April will be sufficiently early ; the latter month is also the best for pruning the Tea-scented and Noisette kinds. The strength of the shoot must determine the extent of the shortening—if vigorous, leave it much longer than that which is weak ; as a rule the stronger kinds should be left 12 to 18 inches long with 5 to 6 eyes, the weaker growing 6 inches with 2 to 4 eyes ; these remarks apply mostly to Hybrid Perpetuals. Tea-scented and Noisette Roses should only have the weak growth thinned out and the strong shoots topped. The Summer varieties of Moss Roses should be only sparingly pruned. Do not let established plants of any kind of Rose become crowded with branches, but carefully thin out all small and unripened wood. In all cases prune to a bud pointing outwards.

COOLING'S SOMERSETSHIRE Collections of Rose Trees

Either of the following Collections, large or small, will be forwarded **Carriage and Packing Free** to any Railway Station in England or Wales upon receipt of P.O.O. or Cheque for the amount quoted.

These assortments are offered for the convenience of the large number who are not acquainted with the great variety of Roses now in cultivation and who are at a loss when selecting from the Catalogue. The prices quoted are considerably less than if the kinds were individually chosen; but growing large quantities of what we know to be the very best varieties we are enabled to include them at the lowest price. The Collections have been very largely sold during past years, and give very great satisfaction.

The Selection of Varieties must in all cases be left to Ourselves; purchasers selecting their own varieties will be charged the individual price for each kind as quoted in the Catalogue. But in ordering, if customers will send a list of the sorts they already have a distinct selection shall be made; and if the nature of the soil and situation is also mentioned only the most suitable kinds will be included.

Collections of Roses for Rose Beds, &c.

- No. 1.**—One Hundred and Twenty Selected Bush Roses; Twenty-five Choice Standard and Half-Standard Roses; Fifteen Climbing or Trailing Roses—varieties carefully selected for their free blooming qualities from the choicest and newest kinds in cultivation—One Hundred and Sixty strong Plants in all, for 105/-

Collection No. 16.—CLIMBING ROSES.

Very strong plants from open ground with long shoots for immediate effect, and most suitable varieties for climbing, including *Gloire de Dijon*, *Cheshunt Hybrid*, *Climbing Devoniensis*, *Gustave Regis*, &c.

ONE DOZEN, 10/6. TWO DOZEN, 20/-

Collection No. 17.—MOSS ROSES.

We grow between thirty and forty distinct varieties of Moss Roses, this comprising all the finest Continental and English raised kinds. In all our Collections we include the beautiful varieties *White Bath*, *Little Gem*, the *Crested Moss*, &c.

ONE DOZEN DISTINCT VARIETIES, 9/-
TWO DOZEN, 17/6.

Collection No. 18.—12 BEST BUTTON-HOLE ROSES, 10/6.

One dozen of the most suitable Tea-Scented and Hybrid Perpetual Roses for button-holes, including *Liberty*, *Madame Charles*, *Madame Ravary*, *W. A. Richardson*, and other best yellow, pink and deep crimson kinds.

Collection No. 19.—15 NEW ROSES, 21/-

This is an excellent lot to replenish a collection. We include fifteen of the best new Roses of late years, such as *Countess of Ilchester*, *Grace*

Molyneux, *Miss Cynthia Ford*, *The Lyon*, *Avocas*, *Batheaston Belle*, *Madame Segond Weber*. All these varieties are really distinct and have been exhibited in good form; together with seven other varieties of the best introduced since 1908.

Collection No. 20.—12 BEST ROSES FOR PERGOLAS OR PILLARS, 12/-

We include extra strong selected Plants of most suitable varieties, to flower at same time, and of similar habit of growth, such as *Lady Gay*, *Mrs. Flight*, *Blush Rambler*, *Helene*, *Tea Rambler*, *Hiawatha*, *Wedding Bells*, *Dorothy Perkins*, *White Dorothy*, &c., &c.

Collection No. 21.—WEEPING OR TRAILING ROSES.

One dozen of the most showy of the *Wichuraiana* varieties for 10/6; for covering dwarf walls, creeping over banks of earth, tree stumps, &c., distinct varieties.

Collection No. 22.—12 BEST SINGLE ROSES, 10/6

We have always made a speciality of Single Roses. We include in the collection the beautiful copper and yellow *Austrian Briars*; *Dickson's Irish Beauty*, *Irish Glory*, and *Irish Modesty*; *Cooling's Single Crimson Bedder*; *Himalayica*, single *Pillar Rose*, and other hardy and distinct single varieties.

Collection No. 23.—25 Best Autumnal Flowering Roses.

One Strong Plant of each variety, 21/-

Rugosa repens alba
Rene Andre

As the stock of Weeping Standard Roses is limited, we would ask that one or two varieties may be added to the order in the event of those first chosen being sold out.

STANDARD WEEPING ROSE

GEO. COOLING & SONS

POLYANTHA GRANDIFLORA—A Fine Weeping Rose.

From A. FAIRFAX HARVEY, Esq., Cullompton.—“I am much pleased with the Rose Trees I had from you, they are flowering well.”

ROSES IN POTS.

FOR FORCING AND GREENHOUSE CULTURE.

We have a very large stock of Roses established in pots, and prepared for Winter and Spring flowering under glass; also of all the varieties of Climbers for indoor cultivation.

The plants are exceptionally fine and well ripened.

Prices: Extra sized Plants, in 6 to 8-in. Pots, 21s., 24s., 30s. per doz.

Smaller Plants, in 5-in. Pots, 15s. to 18s. per doz.

List of Varieties on Application.

CUT ROSE BLOOMS.

During the Summer months, from about the 20th of June till September, we supply

Cut Rose Blooms for Dinner Table Decorations, etc.

Price 1s. 6d. per doz., 10s. 6d. per 100, 84s. per 1,000, including packing
and carriage by Rail or Post.

At other times of the year we shall be pleased to quote prices; we have a full supply of Blooms available nearly all the year through.

Special Discounts for Large Orders.

The Collection of Roses we offer on pages 2 to 5 are strictly for our selection of varieties, but when not less than 50 of either Standards or Bush Varieties are selected by the Purchaser from our Catalogue a discount of 10 per cent. and 5 per cent. for cash will be allowed off the individual prices.

ROSES FOR BEDDING AND MASSING.

Roses of one kind are often required for Bedding and Massing; when not less than one dozen of any particular variety is required we make the following reductions from our Catalogue prices—

Varieties priced 9d. each, 7s. 6d. per doz., 60s. per 100; 1s. each, 10s. per doz., 75s. per 100; 1/6 each, 15/- per doz., 115/- per 100, and higher priced ones in proportion.

From W. M. MONCRIEFF, Esq., Portsmouth.—“Pot Roses just received. I am very pleased with them; they are the best I have ever had at the price.”

The Best Climbing and Pillar Roses.

The following is a list of the most suitable Roses for Climbing and Pillars. We can supply strong ground plants from 1/- to 2/6 each, according to size; excepting those priced.

Nearly all the varieties may be supplied as extra size plants, established in 7-in. and 8-in. pots, from 2/6 to 7/6 each. The varieties marked (*p*) are the best for Pergolas.

All the sorts are fully described in the alphabetical list.

NEW ROSES OF 1910.

We take great care to select and offer only what we consider the best of the New Roses, and we think in the following list will be found the choicest and most distinct of those introduced during the season of 1910. New varieties of 1909 are also printed in bold type in the general list.

The descriptions given are those of the raisers.

Stds.or ½-Stds.	Dwf.or Dush.	Name.	Class.	Description.
s. d.	s. d.			
..	7 6	ALICE CORY WRIGHT (<i>W. Paul & Sons</i> , 1910)	HT	deep pink, in the way of <i>Caroline Testout</i> , but larger and more handsome; a good addition, and an excellent exhibition flower.
..	3 6	ARIEL (<i>Paul & Son</i> , 1910) ..	T	bright amaranth pink, single, the buds are coppery, and the coppery shade runs right throughout the whole plant, stem, leaves and flowers; it will grow 20 feet or more and blooms from the ground upwards.
..	2 6	AVIATEUR BLERHOT .. (<i>Fauque et Fils</i> , 1910)	Wich	saffron yellow, centre golden yellow, of medium size, and produced in large trusses; the best yellow <i>Wichuraiana</i> .
..	2 6	BAPTISTE LAFAYA .. (<i>Payravault</i> , 1910) ..	Poly	light pink, striped white, passing to pink, dwarf habit; very free and fine as a dwarf bedding rose.
..	5 0	BEAUTE DE LYON .. (<i>Pernet Ducher</i> , 1910) ..	HT	coral red, lightly shaded with yellow, in the way of <i>Soliel d'or</i> , but with larger petals and less colour; a most distinct novelty.
..	2 6	BERTHE GAULIS (<i>P. Bernaix fils</i> , 1910)	HT	light rosy carmine, larger flower of perfect form, erect stem, long, pretty bud.
..	2 6	CHARLES DE LAPISSE .. (<i>F. Laroulandie</i> , 1910)	HT	white, sometimes rosy, cream, very large and full, and beautiful in its colouring.
..	2 6	COLONEL LECLERC .. (<i>Pernet Ducher</i> , 1909)	HT	cherry red, shaded carmine lake; a cross between <i>Caroline Testout</i> and <i>Horace Vernet</i> ; good.
..	2 6	CREME SIMON (<i>Pierre Guillot</i> , 1910)	HT	cream white, sometimes salmon and carmine, delicately perfumed and of camelia form; good.
..	7 6	ELSIE (<i>W. Paul & Son</i> , 1910)	HW	flesh coloured pink, with deeper centre, nice rosette shape, produced in extra large clusters, of strong climbing and rambling habit.
..	5 0	ETHEL MALCOLM .. (<i>Mc Gredy</i> , 1910)	HT	ivory white passing to a pure white as the flower expands, with a delicate pink shading in the centre of the bloom, a lovely combination, foliage deep green and very handsome. Awarded National Rose Society's Gold Medal, 1909.
..	3 6	EUGENE BOULLET .. (<i>Pernet Ducher</i> , 1910)	HT	crimson red, shaded carmine lake, long fine bud and full flower; a fine rose in the way of <i>Laurent Carle</i> .
..	2 6	EXCELSA (<i>Walsh</i> , 1909)	Wich	bright carmine scarlet, produced in large clusters, dense glossy foliage, a most distinct and desirable novelty; was much admired when exhibited at the Temple Show in May last; a fine pillar rose.
..	to 5 0			
..	2 6	FIRMINO HUET (<i>Souper et Notting</i> , 1910)	HT	bright deep carmine, globular form, free flowering, richly perfumed; fine for bedding.
..	2 6	GEORGE REIMERS .. (<i>Souper et Notting</i> , 1910)	HT	bright scarlet, described as an improved <i>Richmond</i> ; large perfect form, with fine massive petals, sweetly scented; fine for bedding and forcing.
..	2 6	GRAFIN STEPHANIE WEDEL (<i>P. Lambert</i> 1910)	HT	creamy white, passing to clear yellow, very large and opens well, described as a real novelty; a cross between <i>Dr. Grill</i> and <i>Caroline Testout</i> .
..	3 6	HELENE WATTINE .. (<i>Souper et Notting</i> , 1910)	HT	white, with lemon yellow centre, long buds opening well, and recommended by the raisers as a splendid exhibition rose.
..	3 0	JONKHEER J. L. MOCK (<i>Leenders</i> , 1910)	HT	fiery red, outside of petals silvery rosy white, of <i>La France</i> type; double and of perfect form, a real novelty; has had many medals, and certificates awarded it on the Continent.

Our Prices for New Roses will be found to compare favourably with those of any list. We are offering many of the Continental varieties at reduced prices.

NEW ROSES OF 1910—continued.

Stds. or ½-Stds.	Dwf. or Bush.	Name.	Class.	Description.
<i>s. d.</i>	<i>s. d.</i>			
..	2 6	JUBILAUMSROSE (<i>J. C. Schmidt</i> , 1910)	HT	yellowish creamy white with orange centre, large and double, free flowering; described as being of the highest order.
..	10/6	JULIET (<i>W. Paul & Son</i> , 1910)	HB	rich rosy red inside of flower, outside of petals old gold; a very distinct and attractive novelty, of powerful and delicious fragrance; has been greatly admired wherever exhibited.
..	2 6	K. W. RAUTENSTRAUCH .. (<i>P. Lambert</i> , 1910)	C	delicate salmon, centre clear yellow, outside white, produced in clusters and perpetual in flower from June to November; a good climbing rose.
..	5 0	LADY HILLINGDON .. (<i>Lowe & Sawyer</i> , 1910)	T	deep orange yellow, long pointed buds; a very good forcing rose either in pots or planted out.
..	7 6	LADY PIRRIE (<i>Hugh Dickson</i> , 1910)	HT	coppery reddish salmon, inside of petals apricot yellow, flushed fawn and copper; a delightful combination of colours; the formation of the flower is perfect and in the bud state unrivalled. Gold Medal, National Rose Society.
..	2 6	LIA (<i>Ketten Frères</i> , 1910) ..	HT	clear pomegranate red, outside rosy purple, quite a distinct and new colouring; excellent for bedding.
..	3 6	LIEUTENANT CHAURE .. (<i>Pernet Ducher</i> , 1910)	HT	velvety crimson, petals of great depth and of cupped form; large deep green foliage.
..	2 6	MADAME VITORIA GAGNIERE (<i>A. Schwartz</i> , 1910)	HT	silvery white with rosy shadings, outside carmine, very vigorous and free flowering; fine for cutting.
..	2 6	— G. SERRURIER .. (<i>Souper et Notting</i> , 1910)	T	mother of pearl white, shaded pink, a cross between <i>Geo. Nabonnand</i> and <i>Bella Siebrecht</i> , flowering until late Autumn, described as very distinct and a first rate rose.
..	2 6	— LEON SIMON .. (<i>P. Lambert</i> , 1910)	HT	deep pink on yellow ground, outside petals deep red, long pointed flower; a cross between <i>Marie van Houtte</i> and <i>Caroline Testout</i> .
..	2 6	— A. TUPINIER (<i>Alf. Perdriolle</i> , 1910)	HT	rosy salmon on yellow ground, outside of petals coppery rose, very free and good Autumnal bloomer. Two First Class Certificates.
..	2 6	MDLLE. DANIELLE DUMUR (<i>F. Laroulandie</i> , 1910)	HT	clear pink passing to silvery rosy white; a sport from <i>Caroline Testout</i> ; a most charming bedding variety.
..	2 6	MAMA LOOYSON (<i>Leenders</i> , 1910)	HT	clear brick red, quite unique in colour; most attractive as a bedder of dwarf branching habit.
..	5 0	MARCHIONESS OF WATERFORD (<i>Hugh Dickson</i> , 1910)	HT	brilliant salmon pink on the outside of the petals, inside silvery blush which shows up delightfully on the reflex of the petals, centre of flower high and pointed and most beautifully formed.
..	2 6	MARQUISE DE GANAY .. (<i>Pierre Guillot</i> , 1910)	HT	bright silvery pink, most sweetly scented; a cross between <i>Liberty</i> and <i>La France</i> ; very promising.
..	5 0	MISS MURIEL JAMISON .. (<i>Hugh Dickson</i> , 1910)	T	deep orange cadmium; to lovers of single roses this delightful novelty will be specially welcome, the stamens are prominent and deep Japanese yellow in colour; for dinner table and drawing-room decoration it is a gem. Two Cards of Commendation from the National Rose Society.
..	7 6	— ALICE DE ROTHSCHILD (<i>Alex Dickson & Sons</i> , 1910)	T	rich deep citron yellow, which interleaves as the blooms expand, flowers large, full, and of perfect form, with high pointed centre, described by the raisers as a bedding <i>Marchal Neil</i> , and especially valuable for pot culture.
..	5 0	MRS. ARTHUR E. E. COXHEAD .. (<i>McGredy</i> , 1910)	HT	claret red, shaded vermilion towards the edge, with a wonderful bright rosy sheen towards the base of the petals; a new and distinct colour amongst Hybrid Teas, of free branching habit and Autumnal blooming, most delightful perfume. Card of Commendation, National Rose Society, 1909.
..	7 6	MRS. WALTER EASLEA .. (<i>Alex. Dickson & Sons</i> , 1910)	HT	glowing crimson carmine, deepening to intense crimson orange; the back of petals satiny crimson lending additional charm to this lovely variety; the petals are very massive, smooth, and circular.

Should any variety of New Rose be required, which we do not catalogue, we shall be pleased to obtain and supply it at the advertised price.

NEW ROSES OF 1910—*continued.*

Stds. or ½-Stds.	Dwf. or Bush.	Name.	Class.	Description.
<i>s. d.</i>	<i>s. d.</i>			
..	7 6	MRS. FOLEY HOBBS .. (<i>Alex. Dickson & Sons</i> , 1910)	T	delicate ivory white, faintly tinged clear pink on the edges of the petals, a veritable giant amongst Teas, the long and thick shell shaped petals creating a bloom of exceptional merit; deliciously Tea perfumed. Awarded Gold Medal, National Rose Society, September, 1910.
..	5 0	— HERBERT STEVENS .. (<i>McGredy</i> , 1910)	T	white, with a distinct mauve and peach shading towards the centre; the petals are of great depth and substance, and even more pointed than any of the <i>Maman Cochet</i> family. Card of Commendation, National Rose Society, 1909.
..	7 6	— FRED STRAKER .. (<i>Alex. Dickson & Sons</i> , 1910)	HT	orange crimson, silvery fawn on front of petals and delicate orange pink on back as the bloom develops, long and elegant buds, perfectly formed flowers, and high Tea perfume.
..	5 0	— MAYNARD SINTON .. (<i>McGredy</i> , 1910)	HT	silvery white with porcelain shading, suffused pink towards the edges; most distinct, of enormous size with high pointed centre and petals of great depth; a model exhibition flower; possesses a fragrance unsurpassed amongst Roses. Awarded the Gold Medal of the National Rose Society, 1909.
..	5 0	— JAMES WHITE .. (<i>Hugh Dickson</i> , 1910)		deep rich crushed strawberry pink, quite unique in colouring; flower of medium size, strong branching growth and handsome foliage; for button-holes and general garden decoration will be a general favourite.
..	2 6	ORLEANS ROSE .. (<i>Levvasseur</i> , 1910)	Poly	brilliant geranium red, with white centre and carmine petals, flowering in clusters; a charming and distinct dwarf rose for pots or bedding, perpetual in flowering, forming dense little bushes from 20 to 30 inches high. Awarded a Gold Medal.
..	7 6	PORTIA .. (<i>Wm. Paul & Son</i> , 1910)	HT	pale rose, base of petals and centre of flowers shaded with yellow, quite distinct; a neat growing plant of good habit, and a fine pot rose.
..	2 6	PRINCE ENGELBERT D'ARENBERG (<i>Souper et Notling</i> , 1910)	HT	fiery scarlet, shaded purple, very large and well-formed flower, said to be a fine exhibition rose.
..	5 0	RAYON D'OR .. (<i>Pernet Ducher</i> , 1910)	Hybd Briar	deep golden yellow as the flowers begin to open, turning to sunflower yellow when fully expanded, bud tinged coppery orange streaked with brilliant scarlet bars; a cross between <i>Madame Melaine Souper</i> and <i>Soliel d'or</i> ; perpetual flowering, and very hardy; a very fine new rose.
..	2 6	RADIANCE .. (<i>Cook</i> , 1910)	HT	brilliant carmine, shaded opal pink and coppery red and yellow; fine for cutting and as a pot rose.
..	3 6	SHOWER OF GOLD .. (<i>Paul & Son</i> , 1910)	HW	almost the colour of <i>W. A. Richardson</i> , but not so much orange, retaining the rich colour as the blooms age; very vigorous, with numerous laterals, glossy and beautiful foliage; a fine new rambler.
..	2 6	SOUVENIR DE LOUIS PERRIER (<i>A. Perdrille</i> , 1910)		deep pink, shaded yellow, outside silvery pink, broad massive petals; a seedling from <i>Betty</i> crossed with <i>Paul Lede</i> ; an excellent novelty.
..	3 6	SOUVENIR DE GUSTAVE PRAT (<i>Pernet Ducher</i> , 1910)	HT	clear light sulphur yellow, long oval shaped buds, and very free flowering; a very promising new variety.
..	2 6	SOUVENIR DE MADAME HENNION (<i>A. Gamon</i> , 1910)	HT	carmine, shaded brilliant pink, long bud; a seedling from <i>Camoens</i> , crossed with <i>Marie Baumann</i> .
..	3 6	VISCOUNTESS ENFIELD (<i>Pernet Ducher</i> , 1910)	Hybd Briar	coppery old rose, shaded yellow, inner petals deeply tinted with carmine, the centre ones sometimes striped with yellow, somewhat in the way of the <i>Lyon Rose</i> .

Our prices for New Roses will be found to compare favourably with those of any list. We are offering many of the Continental novelties at reduced prices.

GENERAL LIST OF ROSES.

Arranged in Alphabetical Order for easy Reference.

ABBREVIATIONS :

Ch. *China*. Poly. *Polyantha*. R. *Rugosa*. HT, *Hybrid Tea*. Pro. *Provence*.
HB. *Hybrid Bourbon*. S. *Single*. N. *Noisette*. HP. *Hybrid Perpetual*. T. *Tea-scented*.
B. *Bourbon*. HW. *Hybrid Wichuraiana*.

Varieties marked * are the Best Exhibition Varieties. Varieties marked c the Best Climbing Varieties. Varieties marked b the Best Bedding and Garden Varieties.

Varieties printed in bold type are new varieties of recent introduction, and the descriptions given are those of the raisers.

When the price of a Standard is not affixed, the variety cannot be supplied as such this season.

The whole of our Tea-scented and Noisette Roses are grown upon the seedling or cutting briar, which has been proved to be by far the best and most lasting stock for them.

1 6	0 9	*Black Prince	HP	velvety crimson, beautifully shaded with black.
2 0	1 0	*Bladud (<i>Cooling</i>)	HP	silvery white, centre pale blush pink ; very distinct.
..	1 0	cBlairii, No. 2	B	pale blush, very large and double ; a good climber.
..	0 9	Blanche de Coubert	R	a beautiful Rugosa, semi-double, of purest white ; flowers produced in clusters and late into the autumn.
..	1 0	Blanche Rebatel	Poly	bright crimson with white centre ; very distinct and pretty.
..	1 6	Blumenschmidt	T	bright lemon yellow, edges of outer petals delicate pink, sport from <i>Francisca Kruger</i> .
..	1 0	cBlush Rambler <i>Extra Size, 2/6 to 5/-</i>	Poly	rich blush, lighter in the centre, semi-double, similar in growth to <i>Crimson Rambler</i> , and most useful for pillars, hedges or arches.
..	1 6	bBoadicea	T	pale peach, tinted with pink and violet, centre richly shaded with rose, deliciously fragrant.
..	0 9	*Bob Davidson	HP	dazzling scarlet shaded crimson, unique in form and colour ; a charming addition.
..	1 6	cBordeaux	claret red, a new colour amongst climbers ; small double flowers on long stems.
2 0	0 9	bBoule de Neige	HP	pure white, beautifully imbricated ; one of the best white roses for cutting.
..	1 0	*Bouquet d'Or	T	deep yellow, coppery centre, strong grower, free flowering.

BRIAR ROSES.

The Austrian and Persian Yellow Briars are amongst the most beautiful and distinct of all the old fashioned Roses ; they are perfectly hardy, and should be allowed to grow wild with scarcely any pruning ; this is necessary, as they always flower upon the ripened wood of the preceding year's growth. We also suggest these Briars being grown as Pot plants ; plants with long shoots potted up in autumn flower freely in spring, and are exceedingly novel and pretty amongst plants in the conservatory.

	Dwf. or Bush	Name and Description.
s. d.	s. d.	
2 6	0 9	Austrian Briar, Yellow, pure clear yellow, single, very free flowering.
2 6	0 9	— — — Copper, nankeen or copper colour, single, the under part of the petals shaded orange, very distinct and beautiful ; this and preceding variety were known in England as far back as 1596.
	0 9	Harrisonii, double, fine clear golden yellow ; introduced in 1830.
	1 0	Janet's Pride, crimson lake, with broad stripes of light crimson, most beautiful in its colouring ; a beautiful sweet briar introduced by the Rev. H. H. d'Ombrain.
	0 9	Persian Yellow, the deepest yellow Briar Rose, large, full, and very double ; introduced from Persia in 1838 by Sir Henry Willock, K.L.S.
	1 0	Soleil d'Or, a cross between the well-known <i>Persian Yellow</i> and H.P. <i>Antoine Ducher</i> , colour varying from gold and orange to reddish gold shaded with nasturtium-red, foliage bright clear green.
	0 6	Sweet Briar, Common Pink, per dozen, 5/- ; per 100, 25/-
	0 9	— — — Double Scarlet, bright red, foliage sweet scented as type.
	0 9	— — — Double White, pure white, very pretty.

We send all Orders for Roses of 21/- in value carriage free (plants in pots excepted).

We allow a discount of 5 per cent. for prompt cash.

Lord Penzance's Hybrid Sweet Briars.

They are perfectly hardy and most vigorous in growth, and should not be pruned, as the flower is produced upon the preceding year's wood. The shoots should be thinned out only, those remaining being left at full length.

<i>s. d.</i>	<i>s. d.</i>			
..	1 0	Triumph	HT	deep carmine, with dark crimson shadings, superb large double flowers of perfect shape.
..	1 0	Tricolour des Flandres	finely striped.
1 6	0 9	*Tom Wood	HP	cherry red, petals large, shell shaped, and of great substance; flowers very large and perfectly formed.
..	1 0	Tuscany	fine old summer-flowering deep crimson rose; very sweet and free.
2 0	0 9	*Ulrich Brunner	HP	cherry crimson, very large flowers and splendid deep petals.
..	0 9	*Ulster	HP	bright salmon pink; distinct; of very robust growth and large foliage.
..	1 0	cUna	an almost single rose, of great beauty. The habit is rambling and briar like. The buds are well formed and of a clear yellow the open flowers almost white.
..	1 6 to 5/-	cVEILCHENBLAU .. (J. C. Schmidt).	R	opening reddish lilac, changing to amethyst and steel blue, a seedling from <i>Crimson Rambler</i> ; while the colour is more purple than blue it is one of the most distinct Ramblers yet sent out.
2 0	0 9	*Victor Hugo	HP	bright crimson-red, shaded purple, extra fine.
..	0 9	*— Verdier	HP	fine cherry rose, shaded with carmine, large and full.
..	1 0	Village Maid	white and crimson striped; variable.
..	0 9	Violette Bouyer	HP	white, very slightly tinted with pink, very large; seedling from <i>Jules Margottin</i> .
..	1 0	Violiniste Emilie Leveque ..	HT	bright rosy carmine, shaded with orange in centre, long buds. Awarded Gold Medal at Lyons.
..	1 6	cVirginia Demon-breton ..	N	salmon and rose, beautifully shaded; very sweet-scented and free-flowering.
..	1 0	Viridiflora	the green-flowered rose, very curious.
2 0	1 0	*— Folkestone	HP	creamy pink; centre deep salmon pink; deliciously fragrant.
..	3 6	VISCOUNTESS ENFIELD ..	HT	See Page 10.
..	1 0	cVivid	bright crimson; a fine pillar rose.
..	1 0	cWaltham Climbers No. 1 and No. 2.	T	two crimson Climbing Teas of the <i>Dijon</i> race, in the way of <i>May Paul</i> .
..	1 0	cWaltham Climber No. 3 ..	T	deep crimson, a fine Climbing Rose.
..	1 6	c— Bride	Mult	snow-white blossoms produced in great profusion on long pendulous branches; a very early flowering variety in the way of the old-fashioned <i>Madame Plantier</i> .
..	3 6	WALTER SPEED (Alex Dickson & Sons, 1909).	HT	deep lemon yellow, becoming milky white as the flower develops; a very beautiful and thoroughly distinct rose of the <i>Antoine Revoire</i> type to which it is infinitely superior.
..	1 6	bWarrior	HT	vivid scarlet crimson, a most valuable and decorative rose; of a shade of colour not plentiful amongst the Hybrid Tea.

From J. P. WALLIS, Esq., Flushing.—“I have received to-day the package, and am much pleased with the Trees contained therein.”

Stds. or ½ Stds.	Dwf. or Bush.	Name.	Class.	Description.
<i>s. d.</i> 2 6	<i>s. d.</i> 1 0	<i>c</i> W. A. Richardson <i>A few extra large plants in pots, with long shoots, 2/6, 3/6 and 5/-</i>	N	beautiful deep orange yellow, petals edged with white ; a distinct and beautiful variety.
..	2 0	W. R. Smith	T	creamy white suffused with bright rosy pink, opening freely ; described as one of the finest additions to Teas sent out for many years.
..	1 0	<i>c</i> Wedding Bells <i>Extra large, 2s. 6d. to 5s.</i>	..	a beautiful rambler rose introduced by the raiser of <i>Lady Gay</i> , lovely shell pink in colour, the base of the petals white ; semi-double.
..	1 6	Wellesley	HT	beautiful shade of pink, bright and clear, large and full and very free flowering.
..	2 6	<i>b</i> WHITE KILLARNEY	HT	an American novelty, a pure white sport of the well- known pink <i>Hybrid Tea</i> ; will be a great favourite for general culture.
..	1 6 to 5/-	<i>c</i> — DOROTHY PERKINS	..	a pure white sport from the well-known <i>Dorothy Perkins</i> , of the same habit of growth and freedom of flowering. A most valuable addition to the Climbing Roses. Awarded Gold Medal N.R.S., and Award of Merit at the Temple Show, Royal Horticultural Society.
..	0 9	— Fairy	Poly	pure white, small and double ; a pretty rose for bedding or edgings of beds.
..	1 0	— Lady	HT	creamy white, flowers large, cupped shape, in the way of <i>Lady Mary Fitzwilliam</i> ; good.
..	1 0	— York Rose	the true old White York Rose.

WICHURAIANA OR WEeping ROSES.

A fine free growing group of roses, with shiny evergreen foliage and long creeping habit. The flowers are produced in great profusion, and are particularly fragrant and lasting. A distinct race of Garden Roses, most valuable for covering old walls, rustic work, and short pillars, or creeping over banks of earth or tree stumps ; they are most decorative. We think these beautiful trailing roses will be very popular when they become known.

Stds. or ½ Stds.	Dwf. or Bush	Name.	Description.
<i>s. d.</i> ..	<i>s. d.</i> 1 0	Adelaide Moulle	lilac rose with carmine centre, buds violet, double.
2 6	1 0	Alberic Barbier	creamy white, canary yellow in the centre, semi-double, leaves dark green, bronze-red in the Spring, flowers in clusters ; tea-scented ; good.
..	1 0	Auguste Barbier	rosy crimson, shading to pink, flowers in clusters, semi-double.
..	2 6	Christian Curle	pale flesh pink, sport from <i>Dorothy Perkins</i> , very attractive.
2 6	1 0	Debutante	a beautiful pillar rose, soft pink, double flowers, pro- duced in large clusters, very sweet-scented and free blooming.
..	1 0	Edward Proust	coppery carmine ; very distinct.
..	1 0	Elisa Robichon	semi-double, pale yellow, shaded.
..	1 0	Evergreen Gem	yellow, opening almost white, double, foliage rich bronze colour, and of delightful Sweet Briar fragrance.
..	1 0	Francois Foucard	lemon yellow, semi-double, very good.
2 6	1 0	Gardenia	bright yellow, and when fully open cream colour ; large green foliage, delightfully fragrant, and produced freely ; one of the best.
..	1 0	Jersey Beauty	pale yellow, with bright yellow stamens, most striking, single. One of the most beautiful of the single flowered Wichuraiana ; most free and rampant in growth, and hardy.

W. CREIGHTON, Esq., *Cowes*.—"Accept my best thanks for the splendid Rose Trees.
My friend also was very pleased with his collection."

2 6	1 6	*William Shean	HT	purest pink with delicate ochery veination ; large shell-shaped petals, described by the raisers as a glorious new rose of unquestionable merit.
..	1 0	cWilliams' Evergreen..	rampant climber, yellowish white.
2 0	0 9	*Xavier Olibo	HP	scarlet shaded black, colour superb, distinct, beautiful.
..	1 0	York and Lancaster	beautifully striped white and red, occasionally all red or white. We hold a true stock of this favourite old-fashioned rose.
..	2 0	YVONNE DE BARON	HT	rosy pink in the style of Capt. Christy, long buds and very sweet.
..	1 6	Yvonne des Buffards	T	pale porcelain rose, the edges of the petals carmine and centre shaded with amber, fine stout petals ; good.
..	1 6	— Vacherot	HT	ivory white, tinged pale pink ; beautiful shape.
..	1 6	Zephyr	T	sulphur yellow changing to white as the flowers expand.
..	1 0	cZephyrine Drouhin	HB	bright silvery pink, large semi-double flowers, frequently known as the thornless rose.

FRUIT TREES.

THE following is a very select list, comprising the most reliable and best known varieties in their respective classes. Any variety not mentioned can be supplied, if notice of a day or two be given.

Purchasers will greatly oblige if they will add to their orders a few supplementary names which we may use if any of the first-named are sold out.

We would also suggest to those of our patrons who have not an intimate acquaintance with the various kinds of Fruit Trees, that it would be to their advantage to leave the selection of varieties in our hands, stating the purpose for which the Trees are required, the aspect in which they are to be planted, and the nature of the soil. In this case they may be assured their confidence will not be misplaced, as the selections will be made with the best judgment and care.

The varieties printed in large type can be specially recommended.

Cooling's Guinea Collection of Fruit Trees, FOR A SMALL GARDEN.

One Dozen well-grown Fruiting Bushes or Pyramidal-shaped Trees,
Of choicest sorts, in variety, as follows:—

Four Bush Apples,	Four Bush Pears,	Four Bush Plums,
including good specimens of	including good specimens of	including good specimens of
Cox's Orange Pippin,	Williams' Bon Chretien,	Green 'Gage,
Beauty of Bath, &c.	Pitmaston Duchess, &c.	Victoria, &c.

The varieties included are selected to come into use in succession. The trees are compact in growth, taking up little room in the garden, and will come into bearing at once.

THE TWELVE TREES may be had in same varieties, TRAINED FOR WALLS for,	32s. 6d.
Or SIX BUSH TREES (2 Apples, 2 Pears, 2 Plums), and SIX TRAINED TREES FOR WALLS (2 Apples, 2 Pears, 2 Plums), for	27s. 6d.

PRICES QUOTED INCLUDE CAREFUL PACKING.

JOHN FORD, Esq., Acton.—“The Roses and other trees to hand. The previous Fruit Trees and Roses had from you have been most satisfactory, and have all done well.”

Brunswick, very large, skin greenish yellow and violet brown; sweet and highly flavoured.

Negro Largo, skin quite black, flesh pale red, tender, juicy, and very highly flavoured.

Royal Vineyard, large and oblong in form, of a brown tint, and very luscious in quality.

White Marseilles, of a pale green when ripe, and of a delicious flavour.

— **Ischia**, small, skin pale greenish-yellow, rich and highly flavoured.

GRAPE VINES.

FINE CANES—From eyes, established in pots, well adapted for planting in vineries.

3/6 and 5/- each.

EXTRA STRONG CANES—For fruiting in pots, capable of bearing a good crop for the first season,

7/6 10/6 and 15/- each.

Alicante (Kempsey's or Morocco). A grand looking black grape; a valuable late variety.

Alcante. (Black). A large showy black grape, hangs remarkably well; a most valuable late variety.

Alnwick Seedling. A very handsome late keeping black grape.

Bowood Muscat. A rich amber-coloured grape, finely flavoured.

Black St. Peter's. One of the best late varieties for flavour.

Buckland Sweetwater. An excellent early white variety, and a great bearer, bunches and berries long and of pale amber when ripe; well flavoured.

Cannon Hall Muscat. Larger bunches and berries than *Muscat of Alexandria*.

Frankenthal. (Black). Large bunch, flesh rich, juicy.

Foster's Seedling. (White). Very early, free, and of good quality; a first-rate early grape.

Gros Colman. A handsome black grape. The bunches and berries are alike of enormous size, very juicy and sweet.

Gros Maroc. A remarkably fine late black grape, berries very large and flavour excellent.

Hamburgh. (Black). Well known as one of the best and most popular of grapes.

Hamburgh Mill Hill. (Black). Of first-class excellence; succeeds well in an ordinary vinery.

Lady Downes. (Black). Berries large and oval in shape, flesh firm, sweet, and richly flavoured; one of the best for late crop, and an excellent keeper.

Madresfield Court Black Muscat. Bunches long, berries large, and of a rich Muscat flavour; a superior grape, and an excellent keeper.

Mrs. Pearson. (White). Berries large and oval, of golden colour, and forms a handsome bunch.

Muscat of Alexandria. A delicious grape, bunches large and well shouldered, berries also large and of a greenish-yellow, becoming a fine amber colour when thoroughly ripened.

Muscat, Mrs. Pince's. (Black). An excellent variety, flesh firm, with fine Muscat flavour.

Muscat Hamburgh. (Black). A highly flavoured grape, having large well-shouldered bunches and large berries.

Royal Muscadine. A well-known excellent white grape, succeeding in a cool vinery or a wall.

VINES FOR OUT-DOOR CULTURE.

BRANDT. An American black variety ; one of the best hardy grapes, 3/6

Esperion. (Black). A capital out-door variety, 3/6.

REINE OLGA. Berries tawny, flavour rich and slight muscat flavour, large bunches freely produced, ripens end of October ; a valuable new variety, awarded a Certificate by Royal Horticultural Society, 5/-.

OLD DUTCH SWEETWATER. The best white variety for out-doors, 3/6.

COB NUTS AND FILBERTS.

FRUITING BUSHES, 6/-, 9/- and 12/- per dozen, according to age and size.

COSFORD. Nut almost round, thin shell, early ; one of the best.

DUKE OF EDINBURGH. A richly flavoured nut of medium size, thick shell.

FILBERT. EARLY PROLIFIC. Of fine flavour, with a pretty frizzled husk, producing fine bunches, and the earliest to ripen.

— **LARGE WHITE.** Very hardy, great bearer ; one of the best.

— **RED.** Fine flavour ; the skin of a dark colour.

— **PURPLE LEAVED.** A pretty shrubby plant, with dark Perilla-like foliage and nuts.

KENTISH COB. The largest and most prolific kind, certain bearer, and best for market.

PEARSON'S PROLIFIC. A short round nut, full kernel, early and heavy bearer. This variety is most useful for planting amongst filberts, as it produces an immense number of pollen catkins, of which filberts are very deficient.

WALNUTS.

THIN-SHELLED. Ordinary variety. Standards 2/6 to 5/-.

EARLY PROLIFIC. A new early French variety which bears fruit when quite young, of very dwarf habit. Bush trees, 3/6 and 5/- ; Standards, 5/- and 7/6.

NEW GOOSEBERRIES.

GOLDEN GEM.—The most highly coloured yellow gooseberry in cultivation. Award of Merit, R.H.S.—Fruiting trees, 6/- doz.

LANGLEY GAGE (Veitch).—Medium size, silvery white and delicious in flavour, great bearer. Award of Merit, R.H.S.—Fruiting trees, 6/- doz.

LANGLEY BEAUTY (Veitch).—One of the most beautiful gooseberries yet introduced, very large yellow fruit, of splendid flavour, ripening early in July.—Fruiting trees, 6/- doz.

LANGLEY GREEN. A delicious gooseberry, medium size, green, hairy, thin skin, ripening rather late. 6/- doz.

MAY DUKE.—Described as the earliest variety in cultivation, producing fruit 10 to 14 days before *Whinham's Industry*; it is an enormous and sure cropper. The berries are of large size and handsome appearance, deep red when ripe, and beautifully marked and veined.—6/- per doz.

NAPOLEON THE GREAT. One of the largest gooseberries in cultivation, deep crimson colour flavour peculiarly rich and distinct, later in ripening, and requires little or no pruning.—Fruiting trees, 6/- doz.

STANDARD GOOSEBERRIES.

These are very ornamental in the garden. We offer a few of the leading varieties as such, good compact heads, and fruiting trees, upon stems 4 to 5 feet high.—Each, 2/6 and 3/6.

BLACKBERRIES.

	Per doz.—s. d.
Crataegifolius , handsome foliage, large fruit.	9 0
Dorchester , prolific and excellent; hardy	6 0
Eldorado , one of the best of the American varieties, quite distinct, fruit produced in large clusters, and ripens much earlier than British varieties	9 0
Rochelle or Lawton , large; very productive	6 0
WILSON JUNIOR , the best American variety; very large, glossy black, delicious flavour	8 0
THE MAHDI (new Hybrid Blackberry). Award of Merit, R.H.S. A hybrid between the Raspberry and Blackberry, thoroughly hardy; a strong grower and good bearer. The fruit is of a deep purplish-red colour, and ripens at end of July and early in August, and is of excellent flavour. As it is later than the Loganberry and earlier than the Blackberries. it will be a most useful fruit. Strong plants, 2/6 each; 24/- per doz.	

From WALTER KITCHEN, Esq., Bridport.—“Fruit Trees arrived this morning beautifully packed, and I am very pleased with them.”

CURRANTS.

Per dozen, 4/- to 6/- ; per 100, 25/- to 40/-

Baldwin's Black, a heavy bearing variety, hangs late on the bushes ; a favourite variety with market growers.

Black Naples, large, very sweet and good, a very excellent variety.

BOSKOOP GIANT, black, by far the best of all the Black Currants, of extraordinary vigorous growth, long bunch and enormous berries, flavour sweet and rich. Per doz., 6/- and 9/-

Cherry Currant, very large, deep red and early.

Comet, one of the best early varieties, large bunches, with grape size berries. Per doz. 6/- and 9/-

Common Black, a well known old variety, very productive.

DUNNET'S BLACK CHAMPION, bunches very long, with immense berries, hanging longer and later than any other variety.

Fay's Prolific, large dark red, not so acid as others, abundant bearer and fine for walls. Per doz., 6/- and 9/-

Fowler's Early Market, red, a very free cropping variety, of rich colour.

La Versailles, the largest and sweetest of all white varieties, 6/- per doz.

Lee's Prolific Black, bunches produced in immense numbers, berries very large, richly flavoured.

Red Grape, large, deep red, a sweet, rich kind, and a prolific bearer.

Raby Castle, bunches larger than those of *Red Dutch*, berries larger and of brighter red ; an abundant bearer.

Wentworth Leviathan, white, very large bunches and berries, a fine variety.

Wilmot's Red, a very superior kind, somewhat later than the preceding.

White Dutch, large, sweet, and very good ; a fine dessert kind.

RASPBERRIES.

Fine Canes, 2/- doz., 12/- 100, excepting those priced.

BAUMFORTH'S SEEDLING, a very heavy cropping, extra large, and highly flavoured variety.

Beehive, a good standard variety.

Fastolf, purplish red, large and excellent.

HORNET, deep red, very good ; First-class Certificate, R.H.S., 2/6 per doz. ; 15/- per 100.

NORTHUMBERLAND FILL-BASKET, large, deep red, free bearing.

NOVEMBER ABUNDANCE, a splendid autumn bearing variety, a seedling from *Superlative*, large, deep red in colour and of excellent flavour, fruiting throughout October and November, 3/- per doz. ; 20/- per 100.

Norwich Wonder, fruit large and well flavoured ; robust grower.

Red Antwerp, large, crimson, fine.

Rivers' Double-Bearing, large, crimson, free bearing.

Steele's Victoria, said to be the finest variety sent into Covent Garden ; the fruit is large, handsome, and early, and it is almost continuous in bearing, good gatherings have been made as late as November.

SUPERLATIVE, of large size and frequently produced on young canes, hence it may be considered a perpetual bearer ; it succeeds where many tender varieties fail, per doz. 2s. 6d. ; per 100, 15s.

THE DEVON, fruit of large size and an enormous cropper, very juicy and of sweet and refreshing flavour, the canes attain a height of 8 to 10 feet in the season, and many trusses have been found to carry as many as 60 fruit, strong canes 5/- per doz. ; 32/6 per 100.

THE GUINEA, a new large yellow variety ; a seedling from *Superlative*, having all the good qualities of that first-class variety, per doz. 3/6 ; per 100, 20/-.

White Antwerp, large, pale yellow, mild and sweet.

From CHAS. FARWELL, Esq., Dartmouth.—“The Fruit Trees, etc., arrived safely to-day, beautifully packed, and are most satisfactory.”

THE LOGANBERRY.

(Received Award of Merit, R.H.S.)

This fruit is an entirely new departure, being a true hybrid between the red Raspberry and Blackberry, perfectly hardy, having stood in an exposed position without any protection, the temperature below zero, and coming through the winter without injury. The berries are very large, deep reddish maroon in colour. They are rich in flavour, being a delicious mingling of the Raspberry and the Blackberry, a beautiful fruit for dessert, making also a first-class jelly or jam. This new fruit is rapidly growing in popularity, it will grow almost anywhere, and gives an enormous amount of fruit.

Strong Fruiting Plants, 1/- each, 9/- per doz. Smaller Plants, 9d. each, 6/- per doz.

PHENOMENAL BERRY.

Raised by Mr. L. Burbank, a cross between the *Californian* Dewberry and *Cuthbert* Raspberry; very similar but stronger in growth than the Loganberry, said to be a heavier cropper and the fruit has a much smaller core, the fruit is produced in large clusters, 1/- each; 9/- doz.

THE WINEBERRY.

Japanese (Rubus phanicolasius). More hardy and vigorous than any Raspberry or Blackberry. Large clusters of mulberry-shaped fruit of a scarlet wine colour, very sweet and juicy, and make a delicious preserve. **Plants, 1/- each, 10/6 per dozen.**

CULINARY ROOTS & PLANTS.

ASPARAGUS ROOTS.

— — — extra strong, for forcing ..	2/6 17 6

LILY WHITE, a desirable variety, producing large pure white kale, quite distinct, and in appearance and flavour far in advance of the old variety; it is a grand sort for early forcing.

— — — Very Strong Crowns, for immediate forcing ..	doz. 3/- 21 0
— — — Good Planting Roots ..	2/- 15 0

RHUBARB.

BEST VARIETIES—Large Roots, 6s. to 9s. per doz.; Extra large for forcing, each 1s. and 1s. 6d.

NEW VARIETIES.

DAW'S CHAMPION.—An excellent new Rhubarb, very early, of a brilliant crimson colour, and the stalks are very stout and long. First-class Certificate, R.H.S. **Strong Roots, 2/6 each; Planting Sets, 1/- each; 10/6 per dozen.**

BURBANK'S CRIMSON WINTER RHUBARB, an excellent new variety which produces stalks fully six months earlier than any other sort. It commences to grow in September, and good stalks may be pulled throughout the winter and spring months. It is of brightest crimson, and the flavour is excellent. A genuine novelty. **Strong Plants, 2/6 each; Planting Sets, 1/6 each; 15/- per dozen.**

From Rev. W. HANLON, Innishannon.—“Too much cannot be said in favour of the Loganberry. The bearing is marvellous.”

STRAWBERRIES.

GEO. COOLING & SONS devote special attention to the cultivation of STRAWBERRY PLANTS ; the Bath district being a large Strawberry producing centre they have unusual opportunities for noting and selecting the best varieties. The runners have been carefully prepared, and a good supply is now ready.

The prices quoted are for strong plants from the open ground, but all the varieties can also be supplied established in small pots at an additional charge of 1/6 per dozen, or 10/6 per 100 to the prices mentioned ; by planting such, a crop of fruit may be almost ensured the first year, or the plants may be grown on, by being potted into larger sized pots, for early and late forcing.

500 Plants in 5 of the choicest Varieties, for succession 21s.

250 Plants in 5 of the choicest Varieties, for succession 11s.

Early Varieties.

	Strong Runners					Strong Runners				
	doz.	100	s.	d.		doz.	100	s.	d.	
Auguste Nicaise , one of the best for forcing, enormous sized fruits, very beautiful in appearance, and of good flavour	1	0	5	0		1	0	5	0	
GEORGE MUNRO , new (Jas. Veitch & Sons, Ltd.) A cross between Sir Charles Napier and Royal Sovereign, quite a week earlier than the latter variety, very prolific bearer and exquisite flavour, a splendid early forcing variety	2	6	17	6						
John Ruskin , a cross between Black Prince and Dr. Hogg ; colour rich glossy red, an excellent fruit ; early variety	0	9	3	6						
Keen's Seedling , very early, fruit small, brisk rich flavour	0	9	3	6						
La Grosse Sucree , dark, juicy, and luscious flavour ; one of the best varieties for forcing	1	0	5	0						
MENTMORE (Laxton), a cross between Noble and British Queen ; it is very rich in appearance, and of luscious sweetness in flavour	1	0	5	0						
Noble (Laxton), a very prolific early variety, colour bright crimson scarlet ; an excellent market strawberry	0	9	3	6						
ROYAL SOVEREIGN , one of the finest Strawberries ; the fruit is of largest size ; bright glossy scarlet, very rich in flavour, equal to <i>British Queen</i> ; an enormous cropper and early	0	9	3	6						
VEITCH'S PERFECTION , a cross between <i>British Queen</i> and <i>Waterloo</i> ; awarded a First-Class Certificate by the Royal Horticultural Society ; of medium size, firm flesh, dark colour, juicy, and of delicious flavour	1	0	5	0						
Vicomtesse Hericourt de Thury , an excellent hardy variety, an abundant bearer, fine for forcing	0	9	3	6						

Second Early Varieties.

BEDFORD CHAMPION (Laxton), very large in size ; bright scarlet in colour, with white flesh ; sweet and luscious in flavour, and very hardy and vigorous	1	0	5	0		Hautbois , esteemed for its rich aromatic flavour	0	9	3	6
British Queen , a well-known and highly esteemed variety, excellent flavour ; requires high cultivation	1	0	5	0		James Veitch , very large, handsome crimson fruit ; a strong grower and good cropper	1	0	5	0
Dr. Hogg , very large, flavour excellent ; one of the sweetest strawberries grown	1	0	5	0		KENTISH FAVOURITE , an excellent mid-season variety, rich crimson in colour and of very superior flavour ; travels well	1	0	5	0
Eclipse or Newton Seedling , the earliest of this class, immense cropper, excellent for preserving	0	9	3	6		LAXTON'S CROPPER , a main crop variety of a rich crimson colour, very rich and luscious in flavour, forces well as a second early variety	2	0	10	0
FILLBASKET (Laxton), of rich flavour robust habit and great cropping qualities, colour bright scarlet ; flavour sweet and luscious	1	0	5	0		LAXTON'S PROGRESS , raised from <i>British Queen</i> , crossed with <i>Latest of All</i> ; bright scarlet with white inside flesh, good cropper	1	0	5	0
GUNTON PARK , dark crimson scarlet, very large and handsome, cockscomb shape, a good grower, of brisk pleasant flavour ; altogether of first quality	1	0	5	0						

The New Strawberry—GEORGE MUNRO—is a great acquisition to early varieties.

STRAWBERRIES—Second Early Varieties—*continued.*

	Strong Runner's					Strong Runner's				
	doz.	100	s.	d.		doz.	100	s.	d.	
LAXTON'S REWARD , a cross between <i>Royal Sovereign</i> and <i>British Queen</i> ; the fruit is large wedge shaped, and of richest <i>British Queen</i> flavour	1	0	5	0	President , very large cropper, colour crimson, flavour very superior, will travel and keep better than most varieties	0	9	3	6	
LEADER (<i>Laxton</i>), a handsome mid-season Strawberry, raised from <i>Latest of All</i> , crossed with <i>Noble</i> , it is of large size, bright red in colour ..	1	0	5	0	Scarlet Queen (<i>Laxton</i>), conical shape, colour bright vermilion scarlet ..	0	9	3	6	
LORD LYON (<i>Cooling</i>), one of the best main crop varieties, fruit of large size, deep red in colour, of rich appearance and luscious flavour; a sure cropper	1	0	5	0	Sensation (<i>Laxton</i>), an excellent second early kind, of the <i>President</i> type ..	1	0	5	0	
MONARCH (<i>Laxton</i>), a most distinct richly coloured variety, enormous in size, and of rich <i>Queen</i> -like flavour ..	0	9	3	6	Sir Charles Napier , large, very certain cropper; one of the best varieties for main crop	0	9	3	6	
PINE APPLE (<i>Laxton</i>) new, medium size, conical in shape, and bright scarlet in colour, of distinct and exquisite flavour	2	6	17	6	Sir Joseph Paxton , handsome variety, fruit rich, dark glossy colour and good flavour	0	9	3	6	
					THE LAXTON , a cross between <i>Royal Sovereign</i> and <i>Sir Joseph Paxton</i> , firm flesh, and rich flavour	1	0	5	0	
					VEITCH'S PROLIFIC , a seedling from <i>Empress of India</i> crossed with <i>British Queen</i> , colour bright crimson scarlet, with a pleasant vinous flavour, similar to <i>British Queen</i> ..	1	0	5	0	

Late Varieties.

Adair , a fine variety, continues bearing until very late in the season ..	0	9	3	6	RIVAL (<i>Laxton</i>), new described as a cross between <i>Givon's Late</i> and <i>Royal Sovereign</i> , late, of great cropping qualities and very superior in flavour ..	5	0	30	0	
CLIMAX , a cross between <i>Latest of All</i> and <i>Waterloo</i> , colour bright glossy crimson, flesh firm and solid, very rich in flavour	1	0	5	0	TRAFALGAR (<i>Laxton</i>), an exceptionally fine late variety, of rich pine flavour, equalling <i>Royal Sovereign</i> in size, crop, and colour, and as late as <i>Waterloo</i>	1	0	5	0	
Eleanor , very late, fruit of large size and good flavour	0	9	3	6	UTILITY (<i>Laxton</i> , 1910), bright crimson in colour, very firm, and of richest flavour, very fine cropper, and robust grower, considered by the raisers as an improved <i>Givon's late Prolific</i>	5	0	30	0	
Elton Pine , very late; good bearer ..	1	0	5	0	WATERLOO , large cockscomb shape, rich claret red in colour, of taking appearance, and a valuable addition for dessert	1	0	5	0	
GIVON'S LATE PROLIFIC , in the way of <i>Waterloo</i> , but not quite so dark, flesh firm, and of richest flavour ..	1	0	5	0						
LATEST OF ALL , a seedling from <i>British Queen</i> , a good cropper, fruit large, fine flavoured	0	9	3	6						
LAXTON'S LATEST , described as the latest of all varieties to ripen its fruit, very large in size, and superior in flavour to most very late kinds, dark red in colour	1	0	5	0						

Perpetual and Autumn Bearing Varieties.

LAXTON'S "PERPETUAL" , raised by crossing <i>Monarch</i> with <i>Saint Joseph</i> , of large size, wedged shape, deep red in colour, distinctly sweet and aromatic in flavour, and continuous in fruiting, from June to November	1	0	5	0	SAINT JOSEPH , a French variety obtained by hybridising the true Alpine Strawberry with a garden variety, it is a perpetual bearer, fruiting continuously from June to September ..	1	0	5	0	
LOUIS GAUTHIER , large and pale in colour; a most prolific variety, throwing early runners, which produce a second crop in the autumn ..	1	0	5	0	ST. ANTOINE DE PADOUE , a cross between <i>Saint Joseph</i> and <i>Royal Sovereign</i> ; the fruit is large, good flavour, and the plant is a strong grower. It fruits continuously from June until November; it is exceptionally free for forcing, and is altogether a most valuable all round break in Strawberries	1	0	5	0	
OREGON , really wonderful in its qualities, of good flavour, and cropping freely	1	0	5	0						

NEW AND RARE Evergreen Shrubs, Ornamental and Deciduous Trees.

New and Scarce Evergreen Shrubs and Conifers.

ABIES (PICEA) PUNGENS GLAUCA KOSTERII. A beautiful and distinct Conifer, one of the finest of the American Spruces. Bluish-grey foliage, most attractive; excellent for single specimens on lawns, etc.—Each 2/6, 3/6, to 10/6.

ABIES PUNGENS GLAUCA PENDULA. A very beautiful drooping variety of the preceding; it possesses the distinct colour of the parent, with a striking and graceful pendulous habit in all stages of its growth; it was awarded a First-Class Certificate by the Royal Horticultural Society.—7/6 to 10/6 each.

BAMBUSA FORTUNEI VARIEGATA. One of the prettiest of the dwarf Bamboos; the leaves are striped with white—1/6 and 2/6 each.

BUDDLEA VARIABILIS VEITCHIANUM. A very distinct variety; long silver leaves, and clusters of fragrant reddish violet flowers.—2/- each.

CARPENTARIA CALIFORNICA (The Tree Anemone). An evergreen shrub with narrow shining leaves, flowering from the beginning of July until October; the large flowers are similar to the Anemone, pure white, 3 inches across, with a bold group of stamens of a lovely yellow.—2/6 to 3/6 each.

CEDRUS ATLANTICA AUREA. A companion to *C. A. Glauca*; of a rich golden colour. A splendid and distinct Cedar.—3/6 to 7/6 each.

We grow a large collection of Ornamental Foliage and Flowering Plants for Conservatory Decoration. Price List on application.

CEDRUS ATLANTICA GLAUCA. A distinct and desirable Cedar, of free growth, the foliage of quite a silvery whiteness; will be one of the most striking of park and landscape trees.—2/6, 3/6, to 7/6 each.

CEDRUS DEODARA AUREA. A very beautiful variety of the well-known *C. Deodara*, the growth is tipped golden colour; quite distinct.—3/6, 5/- and 7/6 each.

CEDRUS DEODARA PENDULA. A distinct weeping variety; very striking.—3/6 to 5/- each.

CUPRESSUS ARIZONICA. A beautiful conifer, fine shape, and strong in growth, silvery white, one of the best of late introductions; quite distinct.—2/6 to 3/6 each.

CUPRESSUS LAWSONIANA WISSELI. A beautiful and distinct variety, of graceful pyramidal and compact habit, and fine blue glaucous colour.—1/6, 2/6 and 3/6 each.

CUPRESSUS MACROCARPA LUTEA. A distinct golden variegated variety of the quick growing *Cupressus macrocarpa*. Colour is clear and constant.—1/6 to 5/- each.

CUPRESSUS, TRIUMPH OF BOSKOOP. A beautiful variety of *C. Lawsoniana*, with blue glaucous tint; quite distinct.—1/6, 2/6, and 3/6 each.

HOLLY, OVATA AUREA MARGINATA. A golden margined variety, particularly bright and distinct in colour, and neat and compact growth.—3/6 and 5/- each.

LAURESTINUS—GOLDEN VARIEGATED. A very elegant novelty. It is quite as free in growth as the ordinary *Laurestinus*, but the leaves are beautifully striped and blotched with yellow; a most attractive and distinct evergreen.—1/6 and 2/6 each.

LIGUSTRUM LUCIDUM TRICOLOR. A beautiful variegated variety of the Chinese Privet; the leaves are margined with yellow and red.—1/6 and 2/6 each; Standards, 4 to 5ft., 2/6 to 3/6 each.

RETINOSPORA OBTUSA CRIPPSI. A beautiful new Conifer. It is stately, graceful, and pyramidal in habit, and most brilliant in colouring; and does not burn when exposed to the sun.—3/6 and 5/- each.

SCIADOPITYS VERTICILLATA (*The Umbrella Pine of Japan*). Most ornamental and distinct; does best in a moist situation and in peaty soil.—3/6, 5/- and 7/6 each.

TAXODIUM SEMPERVIRENS ALBA SPICA. A distinct and pretty variety of Taxodium, with silvery white tips to each shoot.—2/6 and 3/6 each.

TAXUS ERECTA SEMPER AUREA. A good new golden yellow Yew, beautiful in Spring, and keeping its golden colour well throughout the year.—3/6, 5/- and 7/6 each.

THUJOPSIS BOREALIS LUTEA. A grand golden Conifer, as free and hardy as the *Thujopsis borealis*; a more beautiful lawn tree can scarcely be found.—1/6, 2/6 and 3/6 each.

THUJA LOBBI AUREA VARIEGATA. A distinct golden variety of the well-known *T. Lobbi*, an improved *T. Aurea*, very quick in growth.—1/6, 2/6 and 3/6 each.

THUJA OCCIDENTALIS ELLWANGERIANA "RHEINGOLD." A beautiful new *Thuja*, bright dark yellow in colour, especially in summer; a good novelty.—1ft. high, 5/-; 1½ft. to 2ft., 7/6 each.

NEW AND LITTLE KNOWN

ORNAMENTAL & DECIDUOUS TREES.

ACACIA INERMIS VARIEGATA. A variegated form of the beautiful *Acacia Inermis*; it is very constant and can be highly recommended.—Standards, 3/6, 5/- and 7/6 each.

ACER NEGUNDO CALIFORNICA AUREA. A most effective tree, with brilliant golden foliage which does not burn in the sun, and keeps its character from Spring until Autumn.—Standards, 2/6 and 3/6 each, Dwarf, 1/6 and 2/6 each.

ACER JAPONICUM (*Japanese Maples*). The many varieties of these form one of the most beautiful additions to our Ornamental Deciduous Trees. The distinct markings and shades of the foliage and their bushy habit of growth make them specially suitable and effective in borders and shrubberies, and as pot plants for the cool conservatory they are most valuable. In many distinct varieties.—2/6, 3/6 and 5/- each.

AILANTHUS GLANDULOSA PENDULA. A weeping variety of the *Ailanthus*, producing very long leaves; distinct and good.—5/- to 7/6 each.

We have a fine collection of specimen Coniferae and Evergreens, and shall be pleased to send particulars and prices.

- AMORPHA CANESCENS.** A pretty dwarf shrub with light green foliage, and bearing dense spikes of dark violet blue flowers during July and August.—1/6 and 2/6 each.
- AMYGDALUS PERSICA—CLARA MEYER.** A beautiful new double flowering Peach, bright rose with darker centre, fine.—Standards, 3/6 and 5/- each.
- BETULA MAZIMOWICZII.** A very distinct new Birch. It attains a good height; the bark is grey and orange, the leaves are large, oval, bright green on the upper and yellow on the under side.—5/- to 7/6 each.
- CASTANEA VESCA ALBA MARGINATA.** A silver variegated variety of the Spanish Chestnut.—Standards 3/6 to 5/- each.
- CASTANEA VESCA AUREA MARGINATA.** A golden variegated variety of the Spanish Chestnut.—3/6 to 5/- each.
- CATALPA SYRINGAEFOLIA PURPUREA.** A beautiful new Catalpa; the leaves are nearly black when young, and later in the season purple.—2/6 to 3/6 each.
- CERASUS—JAMES H. VEITCH.** A very beautiful variety of double cherry, producing rose-pink blossoms of great size.—2/6 and 3/6 each.
- CLERODENDRON TRICHOTOMUM.** One of the most distinct and hardy shrubs, producing delightfully fragrant flowers, white with purplish calyx; flowers in September.—1/6 and 2/6 each.
- CORNUS SPATHI AUREA.** A beautiful shrub having broad golden margined leaves; very attractive.—1/6 and 2/6 each.
- COTONEASTER ANGUSTIFOLIA.** A narrow leaved variety resembling *Pyracantha Lelandi*, bright orange yellow, a fine addition to hardy shrubs, does well on a warm wall. First-Class Certificate, Royal Horticultural Society.—2/6 each.
- CRATÆGUS CARRIERI.** One of the finest thorns, large deep green glossy foliage, remaining upon the tree until December; it bears large bunches of white flowers, which turn to rose, and produces bold fruit as large as a cherry.—Standards, 2/6 and 3/6 each.
- CRATÆGUS KEROLKOW.** A fine variety, the leaves are deeply cut; it blossoms early in Spring and in Autumn, is loaded with yellow fruit.—Standards, 2/6 and 3/6 each.
- DEUTZIA HYBRIDA LEMOINEI.** A hybrid between *Deutzia gracilis* and *Deutzia parviflora*, the flowers are pure white, produced in large clusters, and much more lasting than *Deutzia gracilis*.—1/- and 1/6 each.
- FAGUS SYLVESTRIS TRICOLOR.** A distinct variety of Beech, purple leaves, with white and rosy stripes; an excellent novelty.—5/- and 7/6 each.
- HEDYSARUM MULTIJUGUM.** An introduction from Magnolia. A hardy shrub of spreading habit, with glaucous green foliage, it flowers from March until Autumn, producing pea-shaped flowers in clusters, of a reddish-purple colour with white and yellow spots at the base of the standard.—1/6 to 2/6 each.
- HYPERICUM MOSERIANUM TRICOLOR.** A striking novelty in *St. John's Wort*, foliage yellow, clearly bordered with rose, flowers clear yellow; a fine introduction for bedding and edging purposes.—1/- each; 10/6 per dozen.
- LIRIODENDRON AUREA MARGINATA.** A beautifully variegated form of Tulip Tree; perhaps the finest and boldest variegated deciduous trees we have; each of the large leaves being margined and splashed with yellow.—5/- and 7/6 each.
- PRUNUS PISSARDI FLORE PLENO.** A fine double-flowered variety of this purple-leaved plant. 3/6 to 5s. each.
- PYRUS ANGUSTIFOLIA FLORE PLENO** (*Sweet-Scented Crab*). A beautiful flowering ornamental tree of vigorous growth, flowers delicate pink, very double, and of delicious fragrance.—2/6 and 3/6 each.
- QUERCUS ALBERTI.** Enormous leaves, the finest of the scarlet American Oaks; a very fine novelty. Award of Merit, R.H.S.—5/- to 7/6 each.
- RHODODENDRON.** New varieties. See page 74.
- ULMUS AMERICANA AUREA.** A very free growing new golden Elm, the foliage is large, and of a bright yellow colour; a good novelty.—3/6 to 5/- each.
- WEIGELIA HORTENSIS MONT BLANC.** Very large, pure white flowers; good.—2/- each.
- WEIGELIA PRÆCOX, FLEUR DE MAI.** A very early flowering variety, colour shaded salmon pink.—2/- each.
- WISTERIA MULTIJUGA ROSEA.** A beautiful variety, large bunches of rosy lilac flowers, distinct.—2/6 each.

The whole of the Trees and Shrubs we offer have been frequently transplanted, they will therefore move with safety.

Evergreen Trees, Hardy Conifers, &c.

English, 9 to 12ft.	Standards	1 6	3 6		
Golden	..	3 6	5 0		
Scarlet American, 8 to 12ft.	..	1 6	3 6		
Turkey, 8 to 12ft.	..	1 6	3 6		
The Oaks are among the finest Ornamental Trees, being distinct in character, and of handsome and effective foliage.					
Salix (Willow)					
American (Weeping)	..	1 6	3 6		
Kilmarnock (Weeping)	..	3 6	5 0		
Other sorts	..	1 6	5 0		
Thorn (see Crataegus)					
Tilia (Lime),					
Americana Alba, 7 to 12ft.	..	2 6	7 6		
A fine fast-growing Lime, with white bark and very large leaves; an excellent park tree.					
Broad-leaved,					
6 to 8ft.	..	2 0	2 6		
8 to 10ft.	..	2 6	3 6		
Extra size, 14 to 16ft.	..	5 0	to 7 6		
This is perhaps the best of all the ornamental Limes, and ought to be planted extensively in and about towns, for which purpose it is much more suitable than the common sort. Its leaves are of good size, roundish, dark green on the upper surface, and it is the last of the deciduous trees to part with its leaves in autumn.					
Ulmus (Elm),					
English, 9 to 16 ft.	..	2 0	5 0		
Cornish, 9 to 12ft.	..	2 0	3 6		
Huntingdon, 9 to 12ft.	..	1 6	3 6		
Wych, 9 to 14ft.	..	1 0	2 6		
Purple, 8 to 10ft.	..	1 6	2 6		
Golden, 6 to 9ft.	..	2 0	3 6		
And other varieties.					
A valuable class of Trees, exceedingly ornamental. The variegated forms are charming.					

We grow a large collection of Herbaceous and Rock Plants, our Price List will be sent on application.

Standard Ornamental Weeping Trees.

We have a fine collection of specimen Standard Weeping Trees, suitable for standing alone on Lawns, Pleasure Grounds, &c., they have clean straight stems six to ten feet in height, with well balanced symmetrical heads. We would be pleased to send full description of any variety required.

Betula Alba Pendula Youngii. Young's weeping Beech, a very graceful weeping tree; fast growing.

Cerasus Rubra Flore Pleno Pendula. The double red-flowered weeping Cherry.

— **Alba Flore Pleno Pendula.** The double white-flowered weeping Cherry.

— **Multiflorus Pendula.** The single white-flowered variety.

All the Weeping Cherries are very ornamental.

Conylus Avellana Pendula. The weeping Filbert.

Crataegus Oxyacantha Pendula. The weeping Thorn; most ornamental.

Fagus Sylvatica Pendula. The weeping Beech.

— **Purpurea Pendula.** The weeping Purple Beech.

Frazinus Aurea Pendula. The yellow-wooded weeping Ash.

— **Argentea Pendula.** A distinct variety, with silver variegated leaves.

Larix Europæa Pendula. The weeping Larch, small sized trees only.

Populus Græca Pendula. Large leaved and finest of all weeping Poplars.

Pyrus Salicifolia Pendula. The ornamental weeping Pear.

Quercus Palustris Pendula. The weeping Oak; this is one of the best varieties, with large leaves.

— **Cerris Pendula.** The weeping Turkey Oak.

Salix Americana Pendula. The American weeping Willow.

— **Caprea Pendula.** The Kilmarnock weeping Willow.

Tilia Argentea Pendula. The silver-leaved weeping Lime.

— **Latifolia Pendula.**

Ulmus Latifolia Pendula. The weeping Elm.

— **Montana Horizontalis Pendula.** A fine variety of the weeping Elm.

— **Suberosa Pendula.** The cork-barked weeping Elm.

We can supply very fine specimen trees of most of the above varieties, which have been frequently removed, and are in fine condition for transplanting, at from 7/6 each and upwards; and younger trees of all at from 3/6 to 5/- each.

STANDARD ORNAMENTAL TREES. FOR AVENUE AND STREET PLANTING.

We offer a large stock of extra-sized Trees suitable for the above purpose. They have been grown singly and have straight stems and well balanced heads.

New Rhododendrons.

The following are amongst the most beautiful of the new Rhododendrons sent out of late years. We can highly recommend them. The Pink and White Pearl are grand varieties.

DONCASTER. Intense scarlet, very free flowering.—3/6.

DUKE OF YORK. Bright rosy pink, with large brown spots on the copper petals, very free flowering.—5/-

PINK PEARL. This beautiful new Rhododendron is one of the finest introductions of late years, it produces enormous petals and truss, and is of clear flesh pink in colour, equally valuable as a pot plant or for outdoors.—3/6, 5/- and 7/6, according to size.

WHITE PEARL. A charming companion to the above, producing large trusses of white flowers, faintly flushed with palest pink, foliage of a rich green; fine for forcing.—3/6, 5/- and 7/6 each.

HELEN PAUL. Soft peach, with the petals tipped and margined with pink, large truss freely produced on young plants; most distinct and good.—5/- and 7/6 each.

Mrs. CHARLES BUTLER. White with bluish tint, deliciously scented.—5/-.

JOHN BENNETT POE. A rich cream with large green blotch on top petal, the blotch spotted with black; most distinct and good.—Each 5/- and 7/6.

STRATEGIST. Bright clear pink, very large truss; a fine variety.—5/-.

Rhododendrons—General Collection.

The varieties of this grand race are now so numerous that we have only given a few of the most distinct kinds from our large collection of Hybrids, which we can furnish at 24/-, 30/., 42/., and 60/- per dozen, or £7 10s., £10, to £25 per 100. An effective mass can be made by backing up the named sorts with *Ponticum* and seedling varieties, which are cheaper.

New Climbing and Pillar Plants.

We offer here a few distinct Climbing Plants of recent introduction, which are worthy of attention; the new *Vitis*, introduced from China by Messrs. Veitch, and the new *Ampelopsis* are valuable additions to our hardy climbers.

AMPELOPSIS HENRYANA. A beautiful new Virginian Creeper; the leaves are charmingly variegated with silvery white and rose.—1/6.

AMPELOPSIS LOWII. A lovely new variety of *Ampelopsis*, raised by Messrs. Low; the leaves are only about half the size of *A. Veitchii*; are in Summer of a dark metallic green, brightening to a fresh apple green towards the extremities, changing with the season to a warm tint in Autumn; the leaves are small, beautifully dentate and the edges are prettily crimped. A charming variety.—1/6 and 2/6.

CLEMATIS—LADY NORTHCLIFFE. Deep lavender, tinted bright blue, with purple bar, and white stamens, good grower; free and distinct. Award of Merit, R.H.S., 1906.—2/6.

CLEMATIS MONTANA RUBENS. A valuable introduction, being a coloured form of the well-known *Montana*; the flowers are soft, rosy red in colour, freely produced, and a charming contrast to the old favourite white variety. Strong Plants, 2/-.

VITIS ARMATA VEITCHII. The finest decorated Vine ever distributed, succeeding well in any situation. The autumn tint of its large leaves is a rich crimson lake with a magenta shading, whilst during summer they present a shining bronzy green appearance.—2/6 and 3/6 each.

VITIS MEGALOPHYLLA. A remarkable Chinese species of *Vitis*, the leaves are 2 to 3ft. across, dark green on the upper surface, pale glaucous green beneath; of rapid growth, making stems 8 to 10ft. in a season. This is a most valuable addition to our climbing plants.—2/6 and 3/6.

VITIS REPENS. A fine hardy ornamental Vine; it is self clinging and a very strong grower. The young growths are bright brown in colour, the young leaves being of a reddish brown on the upper surface and deep claret colour underneath. The old leaves have a peculiar velvety appearance.—2/6 and 3/6 each.

VITIS THOMSONII, a charming species with purplish foliage and stems. The leaves are greenish purple in colour above, bright claret purple beneath, changing in Autumn to purplish red; the growths are slender.—2/6 and 3/6.

Our Rhododendrons are especially well budded this season, and are sure to produce a good effect.

CLEMATIS.

These hardy and easily cultivated climbing plants should be found a place in every garden; whether used for covering old walls, verandahs, rustic poles or pillars, or for bedding, they are unsurpassed. Nothing produces so grand and gorgeous an effect as a well-flowered bed of the beautiful varieties of *Jackmanii* which produces their rich deep-coloured flowers in great profusion throughout the summer and autumn.

The only secret of success in growing them is a good rich soil; an annual mulching should be given of horse or cow manure, and during the growing season, a few liberal soakings of liquid manure.

Collection of Clematis.

One Dozen choice and distinct varieties of our selection, Spring, Summer, and Autumn flowering kinds to produce bloom from May until October, 15/-.

Half-a-dozen distinct kinds, as above, 9/-.

Spring and Summer Flowering Clematis.

Flowering during May, June and July.

As these flower upon the ripened wood of preceding year's growth, they must be but slightly pruned in winter.

	Each—s. d.		Each—s. d.
Albert Victor, deep lavender, with pale bars ..	1 6	Lucie Lemoine, double white, rosette formed, pale yellow anthers ..	2 0

Lady Caroline Neville, French white, mauve bars ..	1 6	Purpurea Elegans, deep violet purple, large; fine form ..	1 6
Lanuginosa, pale blue, flowers large ..	1 6	Queen Alexandra, beautiful pale lavender, with lilac purple base; very pretty and distinct ..	2 0
— Candida, white, slightly tinted lilac ..	2 0	*Reine Blanche, light mauve, with lighter bar ..	1 6
Lord Neville, rich dark plum colour, good size and substance ..	1 6	*Rubella, rich velvety claret colour ..	1 6
Lawsoniana, rosy purple, with darker veins ..	2 0	Sensation, rich satiny mauve ..	1 6
Madame Grange, a hybrid of the varieties Lanuginosa and Jackmanii, purplish-violet with red medium line ..	1 6	*Star of India, a splendid variety, colour reddish plum, with red bars ..	1 6
Madame Edouard Andre, the nearest approach to a crimson variety; flowers are of medium size, rich in colour, and very free flowering ..	2 0	Symesiana, pale mauve of bluish lavender, fine flowers ..	1 6
Madame Julia Correvon, very rich red, elegant and distinct ..	1 6	Venus Victrix, double, delicate lavender ..	2 0
Madame Van Houtte, white suffused with a bluish or mauve coloured tint ..	2 0	*Ville de Lyon, bright carmine red, deeper in colour than Madame Edouard Andre, but not quite so large, very free and continuous in flowering; a great advance in bright coloured Clematis ..	1 6
		*Viticella Rubra Grandiflora, light claret, very free flowering ..	1 6
		William Kennett, large deep blue, changing to lavender ..	1 6

CLEMATIS COCCINEA.

An attractive climber, intense vermillion colour, bright orange inside the petals. It is of neat slender growth, and quite hardy.—**Strong Plants, 1/6 each.**

HYBRID CLEMATIS.

The following are Hybrid varieties raised from *C. Coccinea*; they have been certificated by the Horticultural Society, and are decidedly pretty and most distinct. Each s. d.

ADMIRATION, deep salmon, edged with violet shading to heliotrope, white on the reverse side ..	1 6
COUNTESS OF ONSLOW. Bright violet purple, with a broad band of scarlet down the centre of each petal, it is of open bell-shaped form with four to six petals to each flower, it is very free and quite hardy ..	1 6
DUCHESS OF YORK. Pale blush pink, of a delicate and very pleasant shade of colour, with a deeper tinge down the centre of each petal, of campanulate form, and quite hardy ..	1 6
DUCHESS OF ALBANY. Beautiful bright pink, deeper down the centre, softening down to lilac pink round the margin, campanulate in shape, quite hardy, and a vigorous grower ..	1 6
GRACE DARLING. A delicate hue of bright rosy carmine, the blooms are star shaped, and it is very free flowering ..	1 6
SIR TREVOR LAURENCE, new, bright crimson, long campanulate flowers, re-curved, free flowering ..	2 6

We shall be pleased to give special low quotations for any Trees required in quantity.

VARIOUS HARDY CLIMBING PLANTS.

Carriage of Roses, Fruit Trees, etc.

GEO. COOLING & SONS pay Carriage on all Orders for **Rose Trees** (excepting Plants in Pots) of 21/- in value and upwards to any Railway Station in England and on Orders of 42/- to Scotland and Ireland. **Fruit Trees** are sent Carriage Free when the Order amounts to £3 in England, and £5 for Scotland and Ireland. In all smaller orders than the above we add an extra plant or plants to compensate for carriage.

Roses in Pots, Ornamental Trees, Shrubs, etc., we cannot undertake to send Free of Carriage, but will in all cases add liberally to the number ordered to compensate.

Dwarf Roses up to about 12 in number may be sent in one package by Parcels Post, and we will forward in this manner if any of our Customers wish.

Customers in ordering will much oblige by giving instructions as to the most direct way of forwarding, name of station, etc., to ensure prompt delivery.

*A Discount of 5 per cent. allowed off all amounts above 20/- paid within 14 days' date of invoice. All Accounts due, without deductions, at Midsummer and Christmas. Post Office Orders to be made payable to **Geo. Cooling & Sons**, at the **Head Office, Bath**. Cheques crossed "*Union of London & Smiths Bank, Bath.*" A remittance or reference is respectfully requested from those sending their orders for the first time.*

The full price allowed for all packages if returned carriage free and in good condition within a month.

Plants will be so packed that they may stand a journey of a week or ten days without injury. Should the packages arrive at their destination during a severe frost it will be advisable not to unpack them, but to keep them cool and moist, out of reach of frost, until a change of weather takes place.

Failures sometimes take place in the removing and transplanting of all kinds of trees. This may occur through a variety of circumstances, such as severe frost and drought, cold north-easterly winds in spring, want of the usual care in planting, and other causes for which it is impossible for the nurseryman to be accountable. The greatest care is taken to supply healthy and strong plants of everything required; *and if on receipt any are broken in transit, or not satisfactory, we shall be pleased to make every compensation: but complaints received months afterwards cannot be taken into consideration.*

FOREIGN ORDERS.

We take special care in the selection of Roses and other Plants, Trees and Seeds for exportation, and our system of packing has proved most successful; only well-ripened plants and most suitable varieties are chosen, and every care is taken to secure their safe arrival.

FOREIGN PARCELS POST.—Parcels of Roses may now be sent by post to British Colonies and to most Foreign Countries.

N.B.—Foreign and Colonial Orders must in all cases be accompanied by a remittance; this should include sufficient to cover cost of packing and carriage when latter has to be paid in advance.

1910-11.
